

Runway Construction Closure – May 01, 2009 to May 15, 2009

Date of Release: April 30, 2009

The northern east-west Runway 05-23 will be closed 24 hours each day for airfield construction.

This runway closure will result in increased operations on other flight paths during the day including use of Runways 15L & 15R or Runways 33L & 33R in high traffic demand periods.

There may also be increased use of non-preferential flight paths between midnight and 6:30 AM.
