

Tenant "Access Control Persons" Testing Program

Course Level: Intermediate

Description: As a part of the GTAA Employee Tenant Training program it has been noted that some of the certified trainers have not submitted the Tenant Access Control training. In order to complete the process it is important to proceed with the training for all persons responsible for access control so they can be available to write the test. To ensure all persons attending the class have completed the training a list of attendance will be required or submitted via email prior to the scheduled training days provided.

Requirements: A pass mark of 80% is required.

Place: AESC Facility
2935 Convair Drive
