

## **ARFF Recertification 2 Days IAW C.A.R.S 323.14 (2) (a) (xi) (A-F)**

**ARFF Recertification 2 Days  
IAW C.A.R.S 323.14 (2) (a) (xi) (A-F)**

**Pre-requisites:** Certified as an Airport Firefighter

### **Description**

The Canadian Aviation Regulations 323.14 (4) Recurrent Training states that recurrent training shall be provided to enable each firefighter to maintain the level of proficiency established in this standard. This course is designed to meet and exceed these requirements giving each student an opportunity to participate in ground operations using hand lines as well as completing a recertification scenario that challenges the abilities of the driver operator.

### **Goals:**

Except for subparagraph 323.14(2) (a) (xi) respecting live-fire training, every firefighter must complete training in each element of the standards listed in section 323.14 at least once every three years. [Course Policies](#)

**Cost:** Please refer to [Fee Schedule](#)

**Duration:** 16 Hrs

**Class Size:** 9
